Before the treatment, you are not required to do anything special; however, keeping your body well hydrated is strongly recommended. On the day of the treatment, you are advised to wear comfortable clothing, allowing flexibility for correct positioning during the treatment. To avoid excessive sweating, the treated area should be shaved, or hairs in the treatment area should be trimmed before the treatment. Also, the treated area will be wiped with alcohol wipes before treatment to remove any moisture, perfume, moisturizers, or oils. You will be asked to remove all metallic accessories and electronic devices. Initials: \_\_\_\_\_

I acknowledge that a successful treatment outcome can be affected by smoking, excessive alcohol consumption, eating disorders, or ongoing medication. While no special diet is required, you are encouraged to eat healthy to help promote and maintain results. Initials: \_\_\_\_\_

The treatment does not require anesthesia. During the application, you will feel intense muscle contractions and a heating sensation in the treated area. It is important to note that you may feel an intense heating sensation during the treatment, but it should never be painful. Please ask your provider to re-adjust the intensity should you feel any pain or discomfort. The procedure doesn't require any recovery time. Typically, you can get back to your daily routine right after the treatment. Initials: \_\_\_\_\_
